

Professional Series Model PS2618

MODERN-AIRE'S PROFESSIONAL SERIES RANGE HOODS

are manufactured to ventilate today's demanding residential commercial ranges. All PS series hoods include your choice of centrifugal blower motors ranging from 600 cfm to 1200 cfm internally. PS series canopies can also be ordered for use with an inline 1266 cfm fan or a exterior 1400 cfm roof or wall mounted blower unit. Infinite speed control provides total control over you ventilation needs. Bright beautiful halogen lighting provides full cooktop illumination and is standard on all PS series range hoods. You control the amount of lighting you need, from full bright to a safety light at night with a built in dimmer control switch. PS series hoods also include baffle filters to extract grease while preventing the passage of flames into the interior of the hood.
